# TENPO TRADING & CONTRACTING

TENPO offer a wide range of services to suit your construction needs. Our experts have an extensive experience and are well-equipped to handle all kinds of infrastructure work, using a diverse and wide-ranging fleet of machinery and heavy equipment. We can bring projects to a successful conclusion on time, based on the original specifications to leave a long-lasting foundation and structure.

# Why Choose Us

## A few good reasons that make the difference

- 01 Experience - we completed landmark projects for both the public and private sectors here in Qatar & the region.
- 02 Our company anticipates our clients' needs by providing pertinent solution.
- 03 We enlist a team of experts and manpower suitable to work on each construction project.
- 04 Lean Operations - we provide the perfect value creation and flexible delivery of service to our clients, promoting optimal work efficiency.
- 05 One-Stop-Shop for Infrastructure Construction - clients can depend on our passionate energy to work in all phases of the project; manage all aspects of the day-to-day activities and oversee life cycle of the project.
- 06 Leverage collaboration and the use of cutting-edge technologies, radically transform projects, helping clients to make better decisions for complex activities - sustainability and superior results at every stage of the process, ensuring certainty that projects are delivered as planned.

## About Us

Tenpo Trading & Contracting W.L.L. is a subsidiary of Porto Holding Group dealing in the field of construction and infrastructure. The company was established in 2010 in the State of Qatar. We specialize in the following areas: General Construction, Turnkey Projects, Construction Management, Operation & Maintenance, Asphalt Works, Road Construction & Maintenance, Earthworks, Hard & Soft Landscaping and Irrigation Works.

With several years of experience, Tenpo has undertaken numerous projects in both the public and private sectors. We are committed in providing quality, precision and timely delivery of projects. Our team of experienced and skilled engineers, staff and operators have access to the latest technologies and up-to-date fleet of heavy equipment, allowing us to complete projects on schedule while maintaining a high level of craftsmanship. Our focus is to set a benchmark for the industry's best practices for quality and safety during each construction stage.

We are an agile, dynamic contracting company that responds to the continuous needs of clients as we harness the finest industry talent to work on complex projects. Working closely with government agencies, private developers, we have built a good reputation in the construction industry. Under the leadership of our Chairman, **HH Sheikh Khaled Saud Al-Thani**, a great emphasis was placed on delivering innovative projects and building key strategic partnerships, with safety, quality, precision, and timely completion of projects as the core foundation.

# Mission, Vision & Purpose

## Mission

Accomplish sustainable value for all stakeholders through our passion for construction with innovative technology.

## Vision

To be a leader in construction industry.

## Purpose

Create long-term value for stakeholders and society.

# Chairman's Message

Welcome to Tenpo Trading & Contracting! As one of the vital driving forces in the State of Qatar, we aim to further develop key strategic partnerships and innovative projects with a huge sustainable impact on our growing economy. We believe that becoming the premiere backbone of our economy comes with a huge responsibility. This means a continuous improvement to provide the finest quality of services in whichever sector we operate. At the heart of our business philosophy is a desire to develop lasting relationships with clients through the delivery of high-quality services and innovative solutions, achieving the best outcomes for the projects that are on time and within budget.

Tenpo is widely experienced in the construction and infrastructure industry with more than a decades' worth of achievements in delivering projects in the region. To maintain our impressive track record, we ensure that our strategy and operational performance is constantly aligned with Qatar's economic strides; Qatar National Vision 2030, a shared direction to accomplish growth in all sectors, transforming Qatar into a developed country. We will take the lead in propelling the group towards a diversified and sustainable future. I am grateful for your interest in Tenpo, and I encourage you to explore our high-quality services.

**HH Sheikh Khaled Saud Al-Thani**

Chairman

# Executive Manager's Message

As 2030 swiftly approaches, more companies like us aim for a sustainable business environment and healthy competition to invigorate Qatar's economy as part of the Qatar National Vision 2030. As an Executive Manager of Tenpo, I maintain a consistent passion for growth and developing a strong brand for our company. We take full accountability in creating long-term value for our partners and stakeholders. This will be realized by showing the strength of our leadership to gain a consistent brand recognition by 'Constructing Excellence and Engineering Passion'.

At Tenpo, we strive to create an exemplary internal company culture that reaches our customers through our business interactions and hopefully into the overall brand perception. I believe in effective communication as a leaders' single most critical management tool for making this happen as well ensuring we meet client expectations. Thank you for your interest in our services and we look forward to working with you.

**Engr. Waqas Safdar**  
Executive Manager

# Group Companies

# Sectors

As Qatar steadily transforms into an exceptional modern society amidst garnering sustainable economic development; Tenpo Trading & Contracting, strive to provide quantifiable real-world benefit. Through the years, we have built a reputation for giving exceptional service in our focus sectors ranging from Infrastructure & Roads, Water & Wastewater, Oil & Gas, Industrial Contracting to Energy.

## Infrastructure & Roads

Supporting large-scale urban development projects in Qatar; constructing roadways with efficient traffic flows for public transport organizations.

## Water & Wastewater

Offering innovative system solutions for irrigation, water supply and environmentally safe wastewater management that is critical to everyday life.

## Oil & Gas

Constructing Oil & Gas pipelines; from staging areas & storage to digging trenches and installing pipelines used in the Oil & Gas sector.

## Industrial Contracting

Providing turnkey solutions, such as Engineering, Procurement and Construction (EPC) by supplying workforce and materials, essential in the construction of industrial projects.

## Energy

Developing robust and sustainable green construction systems with our focus on energy-efficient technologies for the Energy sector and beyond.

# Services

## General Construction

At Tenpo, we have extensive experience in the development of infrastructure projects. We oversee every phase of heavy civil, infrastructure, roads and pipeline projects from small undertakings to large and complex constructions. We value our reputation for quality workmanship.

tunnelling, excavating pipeline ditches and more. We work with some of the best construction crews in the business. Our team possess multifaceted skill sets and seamlessly coordinate activities with other crews well within the project's specification; utilising advanced technology and construction methodology, along with hands-on management.

As an experienced general contractor, we take on all the responsibilities of your project. The services we offer include road construction, expansion & repair,

## Turnkey Projects

Turnkey projects at Tenpo involve overseeing all the aspects of the project. Our clients communicate solely with one contractor; delivering a swift transaction in coordinating the various components of the construction endeavor.

We have built a diverse experience in multiple facilities. We offer quality turnkey solutions for residential and commercial construction. We bring together multiple years of construction experience

to form a reputable team of engineers, designers, craftsmen, sub-contractors and suppliers. As we incorporate new technologies and techniques with passion, professionalism and work ethics in the project; Tenpo continues to offer solutions to your turnkey construction needs.

03

## Construction Management

Tenpo provides client-focused Construction Management solutions. We employ professional project management approaches; to utilise all resources with the most productive teams to deliver projects.

Over several years, we organised a reliable team; one that is experienced and well equipped to manage and oversee high-quality construction. We will issue a roadmap on how

the phases will be managed, executed and controlled. From the early phase of the project, monitoring of progress to project handover and closeout, we are deeply committed to a standard of excellence. We endeavor to deliver the best value to our clients, meeting the strategic goals and objectives.

04

## Operation & Maintenance

Communities are defined by infrastructures. As such, every aspect of our clients' business facility matters to us. We are receptive to the needs of every business objective. At Tenpo, we utilise bespoke innovations to ensure our clients' assets stand the test of time.

Our team understand the needs of an infrastructure asset as it undergoes the various changes of its lifecycle. Depending on your requirement, we

provide a stand-alone service or package; enhanced by our experience in constructing any form of infrastructure. Tenpo guarantees that our clients' assets are operated safely and sustainably; whilst upholding the merits of quality and safety; thereby minimizing downtime and helping clients avoid costly repairs needed to keep the system working.

# Services

05

## Asphalt Works

Tenpo extends its expertise in Asphalt Works. Our service ranges from asphalt laying, paving to full base repairs; starting from planning, implementation, down to clean up and hand-over.

With an inventory of construction equipment and resources, we can provide you with the quality options in materials and best practices. We believe in getting the work done to ensure our clients are satisfied with the results. Every project will be

treated with the utmost diligence and hard work. Tenpo continues to operate with the most current construction methods, expertise and levels of customer service; even the smallest details will be communicated. We deliver paving services exceeding our clients' expectations.

06

## Road Construction & Maintenance

Mobility and transport have been ingrained in society's lifestyle. Building safe roads begin with smart and reliable construction efforts. At Tenpo, we are committed to providing efficient road networks that provide faster and safer travel.

We perform jobs with high standards of safety and workmanship. Our experts will assist you throughout the projects' lifecycle with a comprehensive evaluation; starting from initial

design review to final acceptance and maintenance.

With the combined experience and understanding of road construction equipment and the latest tools of the trade; our team of engineers are well-equipped to handle complex undertakings.

07

## Earthworks

Our teams have long standing experience in excavation work. We use the latest essential machinery and equipment which can be used to carry out all kinds of earthworks projects. Efficiently completing projects on tight deadlines.

As one of the earthworks contractor in Qatar, we develop sites for the following: government projects, builders, land developers and general contractors; reconfiguring a site to achieve the design levels for landscape and gardening projects.

08

## Hard & Soft Landscaping & Irrigation Works

The curb appeal of outdoor space matters, whether it is residential or commercial. Combining hard and soft landscaping features along with a functional irrigation system in perfect proportion is the key to elevating its value, creating a fully functional garden. At Tenpo, we specialise in large-scale landscaping and offer a full suite of irrigation services.

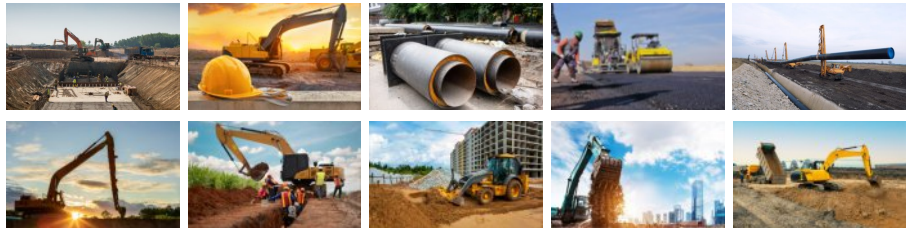

Our meticulous attention to detail to enhance every inch of our clients' outdoor space, working with the best materials and an extensive range of equipment, we can utilise these various elements to achieve the highest possible standards that can turn clients' vision into reality. We are well-equipped to help you maintain your landscaping project. We take pride in delivering skilled workmanship and attention to detail; producing results that have earned us a reputation for being consistent and reliable.
